ANNOUNCEMENT OF FORD MOTOR COMPANY

On account of recent newspaper articles and the many rumors circulating over the country concerning a proposed new car to be manufactured by Mr. Henry Ford, we believe it advisable to inform our dealers generally, in order that you may intelligently and uniformly answer all inquiries.

In the first place, a large majority of the reports afloat are greatly distorted and exaggerated. A new car may be manufactured but as to when it will be manufactured we are not in position to say, except that we do know a new car could not possibly be designed, tested out, manufactured and marketed in quantities under two or three years' time.

There is nothing, however, indefinite about the present Ford car. There are over three million in daily use at the present time; and every one of our dealers, through their continued enthusiastic efforts, can dispose of our product as rapidly as manufactured. We intend to continue the production of the reliable Model T as aggressively as in the past, and feel that we have co-operation of our entire sales organization in forcibly impressing upon prospective buyers the exceptional high quality and dependability of the present Ford car, backed up by the entire strength of an organization already established.

Our factory and assembly plant production is being pushed to the limit, with the thought in mind of reaching our normal capacity of three thousand cars per day as quickly as possible, in order that the demands of prospective buyers might be met to the fullest possible extent and that our dealers might increase their profits proportionately.

We are also taking important steps to expand and extend our business abroad, especially in European countries including Russia.

With the above information, you should quickly offset any rumors which might tend to delay immediate sales.

Yours very truly,
FORD MOTOR CO.,
EDSEL B. FORD, President.

Original letter may be seen at D. M. Fiynn's, local dealer.

ON THE DEFENSIVE IN 1920 WILSON WILL BE IN RACE

(From New York Tribune)

Norman E. Mack, of Buffalo, New York, member of the Democratic National Committee and chairman of the committee in the last Bryan campaign ,says from present indications President Wilson will be renominated by the Democrats in 1920.

"From present indications it looks like President Wilson will be a candidate to succeed himself in 1920," said Mr. Mack. "I do not know that he has any desire to continue. I do not wish to appear as booming him, for I am not doing so. I am merely discussing the trend of things political in the Democratic party as influenced by the war and reconstruction.

"The President now is in the midst of a great task—that of bringing to pass the dream of students and philosophers for decades—organization of a league of nations to keep peace among the great powers. The subject is sure to engage the attention of statesmen and thinkers for a long time. By the end of another year it doubtless still will be a great problem. I don't see how there can be any other candidate than the president himself. It seems to me the war and reconstruction will come pretty near eliminating the third term issue, and the Democrats will feel that in order to win they will have to renominate their champion.

"Quite naturally the Democrats are on the defensive. Grievances accumulate. Mistakes are made. Doubtless the voters will say we have made many mistakes, and many voters who were with us in 1916 will be against us in 1920. If we cannot win with President Wilson, I don't know now how we could win at all. The Northern states are naturally Republican."

COMMUNITY COUNCIL ADOPT CONSTITUTION

Two paragraphs from the constitution of the Community Council, adopted Wednesday night of last week, read as flolows:

"We, the residents of Redwood City, realizing that national effectiveness is dependent upon mobolized citizens, knowing that it is only through the efforts of all the members of the individual communities that the greatest good may come to the nation, the state and the community and desiring to accomplish a more perfect democracy that all may enjoy the blessings of life to the fullest, do hereby constitute ourselves the Community Council of Redwood City.

Its object shall be to mobolize the people of this community for national, state and community service, to prevent needless waste through duplication of activities ,and to stimulate civic betterment by forming and executing plans for the improvement of the community."

Such an organization as this is needed here and is being welcomed and assisted by the earnest-thinking far-sighted people. As the war activities have taught us the efficiency of combination and co-operative effort, let us carry this principle into our civic affairs. In most matters the community will get what the community desires, but of a small group are striving for some particular feature, no matter how profitable it may be, there will be much more difficulty attaining their aim.

The discussion at the Community Council meeting brought out this fact. There ought to be a Community House in Redwood, a building containing an auditorium large enough for and open to the public, a gymnasium primarily for the schools but also open to the public, a swimmnig tank for all, special rooms for Red Cross, Chamber of Commerce, for committees, etc. All of these concentrated in one building will solve many problems of our town. The building could be placed on school property, possibly closing Webster street and covering the slough. A committee was appointed to consider this subject as well as the proposition of the town purchasing and using the Alhambra building which could be obtained for a reasonable figure The latter structure, however, would not be available for the schools.

In an effort to live up to our obligation to the returned men from service, all who desire employment will be helped as much as possible. The committee, M. E. Ryan, H. Steinberger and B. C. Zimmerman, will arrange for a local clearing house where the men may indicate their desire for employment and employers will be asked to say what employment they have to offer, thus getting the man and the job together.

Men's Health Remarkable.

As to the men at the station, the health record was something remarkable. Of course there was an infirmary, but the cases handled were almost entirely results of minor accidents. Not a case of typhoid was reported and only one of influenza. That one was contracted elsewhere. Officers of the station attribute this splendid condition of healthfulness to the model system of sanitation and drainage provided. The record speaks for itself. So if anyone is at all interested in the subject a visit to the station at the present time will prove to be an exceedingly educational and profitable experience.

Accordingly, you are requested to fill out the assessment blank in question and deliver the same at the office of the Assessor immediately making oath thereto.

The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed; and such assessments will not be subject to equalization. Refusal to furnish the statement above required will subject the person so refusing to a fine of $100.

D. P. FLYNN,
Assessor, San Mateo County.

The schools should be open for the Americanization of any who are foreign born. This means in some cases rudimentary branches, in others, special work in English and civics. It also means that teachers must be found and accomodations found. The school should be opened for the non-partisan, non-sectarian discussion of community and national promblems.

Let all the agencies of Redwood get together; co-operation and service means much now; let there be no groups pulling for special features but let the community unite on that which it ought to have and GET IT.

S. U. H. S. STUDENTS GAVE ENJOYABLE DANCE LAST WE

The students of Sequoia High School celebrated St. Patrick's Day Monday evening by a costume dance in the manual training building. In accord with the occasion the room was prettily decorated with greens and shamrocks. An accordian player from San Francisco furnished the music for the dancers, who were dressed to represent everything from Fairies to South Sea Island cannibals.

By way of program a vocal duet was rendered by Mildred and Hazel Lamb, and Louise Fitzpatrick gave a dance interpretation.

Towards the end of the evening those in costume drew for partners and went through the formation of the grand march, to the amusement and delight of the spectators.

Are You Giving Enough Time and Thought to the Plans for Your New Home?

Demand these house wiring conveniences:—

One floor outlet under the dining room table and at least two wall baseboard outlets.

At least two wall or baseboard outlets in every room in the house, and floor outlets in rooms where portable lamps are to be used.

Baseboard outlets on the porches—sleeping, living and service—for the use of fans, cleaners and reading lamps.

A master switch operated fro myour bedroom as a protection against burglars.

Inter-communicating switches between the house and garage, permitting one to be lighted or darkened by the switch in teh other.

All electrical appliances can be operated from baseboard receptacles or outlets. These outlets make any appliance instantly available in any room or any place in the room.

Lamp sockets should not be depended upon to operate appliances. The base plug eliminates all the inconveniences and gives far greater service, as the current comes direct from a plug designed for this purpose instead of a lighting socket. They can be installed in homes now built as well as in homes being built. The wiring can be done cheaply and so as not to mar the walls, woodwork or decorating. Talk this over with your electrical contractor or engineer and make use o fthem in your home.

SUPERVISORS IN REGULAR SESSION

The board of supervisors met in adjourned session Monday, March 24th, at 10 a. m., there being present John MacBain, presiding, W. H. Brown, Jos. M. Francis and Dr. C. V. Thompson; Absent, T. L. Hickey.

The board, on motion of Thompson seconded by Francis, rescinded its action of Monday, March 17, ordering the county engineer to prepare plans and specifications for the construction. of a water pipe line, a pumping plant and a reservoir for bringing water from the Spring Valley lakes to the county farm and hospital.

On motion of Thompson, seconded by Brown, the clerk was instructed to publish notice of intention, to purchase approximately twenty acres of land from K. Murray at Beresford for a county hospital site and for any other purpose that may be deemed necessary.

The chairman addressed the board and stated that some few years ago, the supervisors of Santa Clara county had closed an old road through the Stanford University property, a portion of which was located in this county. A new road had been built to take the place of the abandoned one. This county, Chairman MacBain explained, had never ratified the action of the Santa Clara supervisors in closing the road, nor had it accepted the new road. Santa Clara county is now planning reopening the old road and rebuilding a bridge thereon which had worn away, and assistance of San Mateo county in the matter.

On motion of Brown, seconded by Francis, it was ordered that the county surveyer be instructed to take the question up with the Santa Clara supervisors and ascertain from them just what they expect from San Mateo county.

Asa Hull of San Carlos was appointed a member of the board of commissioners of the Pulgas Mosquito Abatement district, on motion of Brown, seconded by Thompson, to fill a vacancy caused by the resignation of Fred E. Kendall, also of San Carlos.

A deed to a certain road in the Runnymede district, leading from Cooly avenue to North Palo Alto was presented by Chairman MacBain, and was accepted and ordered recorded, on motion of Thompson, seconded by Francis.

Chairman MacBain addressed the board and asked the members what they wished to do with regard to the special police officers at Menlo Park. District Attorney Swart, to whom the matter was referred, stated that in his opinion the officers are needed more now than any other time in the history of Camp Fremont and will be until the work of tearing down the buildings at the camp is completed, which he estimated would be in about six weeks. It was the sense of the board that the two special officers should be retained for at least another month.

County Surveyor George A. Kneese addressed the board and said he had received a communication from the California Historical Society requesting him to codify the boundary lines of San Mateo county. He said that Alameda county was already carrying on this work during which the question of the exact boundary line between that county and San Mateo county had come up. Kneese explained that the line is very vague, particularly at the southern end of the San Francisco bay, Where the Dumbarton cut-off is located.

On motion of Brown, seconded by Francis, the matter was placed in the hands of Kneese for him to look into. and at the same time, he was instructed to establish the boundary lines between the five different townships in the county.

County Purchasing Agent Ernest H. Werder submitted a report to the board covering the insurance policies carried by the county and which are on file in the office of the county clerk. The policies cover the following:

Eight county automobiles, five motorcycles, accident insurance on four of the five motorcycles, accident insurance on four of the five motorcycle officers. Fire insurance on the county farm buildings, sheriff's office and steam roller, tar kettle and election booths and ballot boxes in the second township.

The report showed that there are at present no policies on file covering insurance on either the court house or the new county jail.

On motion of Thompson, seconded by Brown, the purchasing agent was instructed to look into the policies further and ascertain the amounts paid on accident insurance and renew the policies that have expired.

Sheriff Michael Sheehan appeared before the supervisors and requested the board to offer a reward for information that would lead to the arrest and conviction of the person or persons responsible for the murder of Miss Inez Reed, the Red Cross nurse, whose body was found at the bottom of a ravine off the Halfmoon Bay-San Mateo road several weeks ago.

District Attorney Swart, who was asked for a legal opinion in the matter, stated that the law gives the board the right to offer such a reward.

Swart took occasion to speak very highly of the efficient work done by the San Francisco and San Mateo county police in their efforts to run down the murderers. He advocated the offering of the reward.

On motion of Thompson, seconded by Brown, the board decided to offer a reward of $500 for information that would lead to the conviction of the person or persons responsible for the murder.

District Attorney Swart stated that the Reed murder case had revealed conditions in San Mateo county that he had no idea existed, referring to houses where illegal operations are being performed. Swart said he intended to take action to put these places out of business and he asked the board to back him up on any expense that would be involved in carrying on this work.

COAST FOUNDARY PEOPLE DESIRE TO DISSOLVE

The Coast Foundary Company, doing business in this county, has petitioned the superior court for permission to dissolve the corporation. It has a capital stock of $10,000. The concern met on February 28, 1919 and agreed to dissolve. All the debts of the concern have been paid.

MARY NEWMAN SEEKS DIVORCE

Mrs. Mary Newman, through her attorney, J. J. Bullock, has brought an action in the superior court against her husband, Martin Newman for an interlocutory decree of divorce on the ground of desertion. The Newmans were married over 28 years ago. They have several adult children. Mrs. Newman asks for the custody of the two minor children. The defendant has been a resident of Arizona for several years. Mrs. Newman in her girlhood was known as Mary Ralston of San Gregorio.

SAN CARLOS ITEMS

Miss Gladys Dickinson was so delighted at reaching the ripe and happy age of sweet sixteen that she had a happy inspiration to arrange to have her many school friends gather with her at the home of Mrs. Virginia A. Lord and join in the delights of the ocacsion. Light refreshments were served and the young folks joined in the dance and a variety of wholesome and innocent games and right up to the time that the "Sand Man" was calling many of them to their downy couches ta home near Mother and Dad. All the guests report a most enjoyable time and joined heartily in speeding Miss Gladys on to another birthday and a more winning and matronly age, and a repetition of the good time she gave them at the epochal age of sweet sixteen.

Asa Hull having had all kinds of experience in the variety of drives in the past, Ross Hall has selected him as the San Carlos driver for the Salvation Army.

Miss Marjorie Willms with her nurse, the Mrs. M. E. Balwin, has taken apartments at the Hurlbut apartments on Cypress avenue. Miss Willms is the niece of Mr. and Mrs. Chas. B. Marvin who recently purchased.

The supply of San Francisco papers arrived here and are thrown off on platform at 3:30 a. m. There being no night police the bundles are often pilfered and the local agent is forced to buy papers from the train at five cents per to supply his regular customers.

Officers appointed by the clerk to conduct the school election Friday were: Mrs. Mary Heeney Johnson, inspector; and Mrs. Marian MacDonnell Lippman and Mrs. Mary Curry Quinn.

Everyone are pleased to learn that the L. A. Conklins are to remain in San Carlos.

Mr. A. M. Planka, with the Rudolph Wurlitzer Co., San Francisco, and who recently purchased the property directly back of the Captain Zeh home bordering on the creek was here last Sunday to arrange for the immediate construction of a modern bungalow on his property. Mr. Planka will first build an out-house and put up a tent in which to camp while his home is in process of construction.

Mr. E. G. Grove, representative of the International Correspondence Schools of Scranton, Pa., visited our little city last week in the interests of his company. Mr. Grove was here to make inquiries relative to the adaptability of the Ohio Building for school purposes. As the proprietor, James La Fayette McLean, is a former teacher he was in position to tell Mr. Grove all about it.

Mr. H. C. Fridley, traveling freight and passenger agent for the S. P. Co., was here last Friday to investigate and learn to what extent his company was losing business to the auto trucks and busses.

It is very pleasing to note from the Watsonville Register that our little town has been honored through the very high compliment paid one of our charming young ladies, Miss Georgie Zeh, who contributed so liberally and delightfully to the St. Patrick's Day entertainment in the Apple City last Monday evening. The numbers so richly rendered by Miss Zeh, who found herself in fine voice for the occasion, were: "A Gift From You," "Will o' Wist" and "A Little Irish Girl." Miss Zeh, accompanied by her teacher, Mme. Labarraque, went down to Watsonville on the Del Monte Express last Monday evening, returning via. same train the following morning, and she reports a very enjoyable trip and splendid time as the guest of Watsonville people.

ALBERT E. BUCKMAN DIES AT MERIDIAN

Albert E. Buckman, identified with the contracting business in San Francisco since 1870, died Monday morning at Meridian, following an acute attack of bronchitis. He was 69 years old. Buckman left San Francisco last Monday and went to Meridian, where he was engaged in building an irrigation system for the Alameda Sugar company.

Buckman was the contractor who constructed the Redwood City sewer system 25 years ago. He was well-known here.

WOODSIDE NOTES

John C. Coleman, pioneer capitalist of San Francisco, and beloved father of Mrs. Franklin Zane of this place, passed away in the city last Monday at the ripe oldageof95years. He often visited his daughter here.

He came to California in 1850, engaged in the mining business with his brother, the late Edward Coleman. Later he was identified with the development of the gold mining industry of California, and was the first president of the railroad from Colfax to Nevada City. At one time he was State Senator. He was also one of the founders of the Pacific Telephone and Telegraph Company.

Bank of Italy

Every depositor—private individual, business man or corporation—is called upon from time to time to transact business in other parts of the state. This institution, with its 24 banks in 18 commercial centers of California, is frequently able to transact business for its customers by mail—a letter taking the place of an expensive railroad journey.

The Bank of Italy depositor who travels throughout the state is always within reach of "his" bank. The business concern with branch houses or selling agencies enjoys the advantage of doing all its banking business with one state-wide institution.

And back of it all is the Bank of Italy's attitude toward its depositors—a policy which aims at rendering exceptional and unusual service.
